

## The Vibe Dance Academy Hawaii COVID-19 Procedures

The worldwide pandemic COVID-19 is extremely contagious and is believed to be spread mainly from person-to-person contact. We have put in place preventative measures to reduce the spread of COVID-19 at The VIBE Dance Academy Hawaii (the studio), however cannot guarantee that you will not become infected with COVID-19. Furthermore, attending classes, activities, workshops, and rehearsals could increase your risk of contacting COVID-19.

The safety and well being of our entire group begins from home. All dancers are asked to do their personal wellness check at home before making a decision to come to the studio. If there are any signs of fever or cold-like symptoms in the household, it is highly recommended that the dancer **NOT** come to the studio.

\*Upon arrival please wear a facemask or covering

\*Dancers temperature will be taken when they arrive. Anyone with 100.0 temp or above, cold-like symptoms, cough, or running nose will be sent home. (Attendance and temperature will be documented)

\*Before entering the studio dancers will sanitize their shoes (sanitizer will be provided)

\*Dancers will sanitize their hands before entering the studio.

\*The studio door will remain open during rehearsal to allow ventilation. A/C will be running for studio cooling.

\*We will adhere to the social distancing guideline of 6 feet apart by designating 6X6 taped dance area for each individual dancer.

\*During rehearsal dancers are required to wear masks at all times. They will have breaks to be given the chance to breathe without their masks directly outside the studio while continuing to practice social distancing if needed.

\*The studio will be sanitized before and after each class, workshop, and rehearsal. This includes, the floors, bars, doorknobs, bathroom area, and lobby.

\*If your dancer starts to feel sick or develops a fever during rehearsal parents will be asked to pick them up immediately.
